ADRC Specialists

Information & Assistance Specialists provide up-to-date information on many services and resources, including, but not limited to: Home Health Agencies, Transportation Services, Public Benefits, Housing Options, and Personal Care Agencies, Senior Dining Sites, Home Delivered Meal Programs, Support Groups, Prevention Classes, Managed Care, Self-Directed Support Waivers and much, much more!

- **Options Counseling** provides information to assist people to make informed choices about long-term care options. When meeting with individuals and their families, an Information & Assistance Specialist will review the individual's personal history, preferred lifestyle and goals for the future; and will engage in a conversation about the full range of long-term care options available to the individual to maximize their independence and self-reliance.
- **Special Needs Youth Transition-** If you are a young adult transitioning from the school system and/or children's programs to adult programs, the Aging & Disability Resource Center is here to help you and your family make that transition as smooth as possible. Many changes in disability services occur when a student is between the age of 18 and 21. Information & Assistance Specialists at the Aging & Disability Resource Center can assist in answering questions you may have. We also have Youth in Transition booklets available at no cost.
- **Long Term Care Services:** The ADRC is responsible for helping people access publicly funded long term care programs and assisting them in understanding all available options. We do this by determining functional eligibility, facilitating the financial eligibility determination process and assisting with the enrollment process.
- **Nursing Home Relocation:** Some nursing home residents may qualify for care in the community rather than in the nursing home.

Benefit Specialists

Elder Benefit Specialist:

Specializes in assisting persons age 60 and older to attain access to needed benefits and programs.

Disability Benefit Specialist:

Specializes in assisting persons aged 17 & 9 months-59 to attain access to needed benefits and programs.

Benefit Specialists can help in accessing both private and public programs and benefits, and can provide information about consumer rights. They can provide information and advocacy on a wide range of issues and assist with the application and/or appeal process for public and private benefits like Medicare, Social Security, Medicaid, Disability, SeniorCare, Supplemental Security Income and Medigap Insurance. Many of the benefit issues that people over the age of 60 and adults with disabilities face are very complex. Benefit Specialists assess the situation and discuss options so that persons can make an informed decision.

HOUSING OPTIONS

For up-to-date and accurate information on types of housing and locations, please call the Aging and Disability Resource Center at 608-776-4960.

- **Apartments**– Apartment living could eliminate yard care, home maintenance and possibly climbing stairs depending on the various locations and can increase social contact as well as reduce housing costs. Lafayette County offers a variety of rental housing for all income levels.

- **Adult Family Homes**– A place where 3 or 4 adults who are not related to the operator reside and receive care, treatment or services that are above the level of room and board and that may include up to 7 hours per week of nursing care per resident. Counties certify one and two bed adult family homes; the State of Wisconsin licenses three and four bed adult family homes.
- **Community Based Residential Facilities (CBRF)- Assisted Living Facility**, A place where 5 or more unrelated people live together in a community setting. Services provided include room and board, supervision, support services, and may include up to 3 hours of nursing care per week.
- **Residential Care Apartment Complexes (RCAC)-** Independent apartment units in which the following services are provided: room and board, up to 28 hours per week of supportive care, personal care, and nursing services.
- **Nursing Home & Rehabilitation Facility**– Facilities that offer skilled nursing care when extensive personal care and medical needs exist. *Check with the.

IN-HOME SERVICES

There are a variety of services and programs that can be brought into the home to assist in keeping people safe and helping them to be more independent. Listed below are some of the more common services used. Other service and program information can be obtained from the ADRC.

Emergency Medical Alert Systems

When emergency help is needed, the user can press the transmitter's "help" button, sending a radio signal to the console (connected to the user's telephone). This causes the console to automatically dial one or more pre-selected emergency telephone numbers. The transmitter can be worn around the wrist, neck, or attached to a belt loop. There is a set-up fee and monthly charge. **In addition to the list below, some retail businesses sell similar response systems as well.**
